

Brew-Terge

CIP Detergent for Breweries

Brew-Terge is a alkaline non-caustic with non-chlorinated bleach, low-foaming powder useful in several CIP applications including Brewing/Fermenting Tanks, pasteurizers and fillers. Also useful in COP, spray & wash as well as soak and jug wash. Brew-Terge works exceptionally well at removing soils from walls of tanks, pipes, gaskets and other food contact surfaces

• Non-Foaming CIP, COP & Soak Detergent

Usage Directions: Dilute Brew-Terge manually accordance with Dilution Guidelines chart. For best results, use @ 140° F or above. Rinse surface to be cleaned to remove any loose soils. In Soak and Hot Tank Allow solution to penetrate caked-on soils. Some scrubbing may be necessary to remove all soils. Rinse surface from top to bottom with fresh water.

Safety & Hazards

Wear Protective Eye Glasses, Chemical-Resistant Gloves and Dust/Mist Mask While Using Brew-Terge

Consult SDS for Further Safety Precautions

DOT Shipping Name: UN 3085, Oxidizing Solid, Corrosive, n.o.s., (Sodium Percarbonate, Sodium Metasilicate), 5.1, 8, PG III

Technical Information:

Appearance: Off White Powder
Odor: None
pH: <12
Foam: Non-Foaming

Brew-Terge
