

# CLD-4

## Commercial Grade Laundry Detergent

A heavy-duty, non-caustic laundry detergent formulated for use in industrial applications for washing uniforms, towels, rags, and other heavily soiled fabrics. CLD-4 provides maximum cleaning performance over a broad temperature range and is ideal for use in hotels, packing plants, restaurants and retirement centers. CLD-4 is safe for use in colors and contains wetting agents, phosphates, optical brighteners and conditioners to maintain a fresh and sharp appearance.

- **Controlled Foam**
- **Effective in Hard Water**
- **Prevents Soil Re-Deposition**
- **Removes Heavy Oils, Grease & Fat**
- **USDA & Kosher Approved**
- **Easy Rinsing**

**Usage Directions:** Sort laundry into similar color, type of fabric and soil condition. When laundering items for the first time, test in a solution of laundry detergent and cold water to test for colorfastness. Add 2 - 8 ounces of CLD-4 per 100-pound load as the washing machine is filling with water. Clothing and machine manufacturer's instructions should always take precedence over these recommendations. If desired, bleach may be added approximately two minutes after wash cycle begins or fabric softener added to the final rinse. Quantity of CLD-4 used will vary depending on local water conditions, water temperature selected and the amount and type of soils to be removed. Cold water rinsing is recommended for all wash loads.

### Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using CLD-4

Consult SDS for Further Safety Precautions

DOT Shipping Name: Not Regulated

### CLD-4

#### Dilution Guidelines

Usage	Dilution
Whites, Colorfast Fabrics & Heavy Soils	2-8 Oz / 100 Lb Load (Hot Water)
Permanent Press & Special Care Fabrics	2-8 Oz / 100 Lb Load (Warm Water)
Colored or Sensitive Fabrics	2-8 Oz / 100 Lb Load (Cold Water)

### Technical Information:

Appearance: White Powder  
Odor: None  
pH: >12  
Foam: Moderate Foam

### Associated Products:

Laundry Sour, pH Neutralizer for Laundry Applications  
7% Fabric Softener, Fabric Softener & Laundry Sour  
Multi-Chlor, 12.5% Sodium Hypochlorite Sanitizer
