

FCC-7

Foaming Chlorinated Detergent with Caustic

FCC-7 is a high-foaming blend of wetting agents, caustic, bleach and rinsing additives. FCC-7 excels at saponifying and emulsifying fat, oil and grease found in all processing facilities dealing with meat, fish and poultry. Chlorinated action is effective on sugars, carbohydrates, and eliminates foul odors and stains caused by microorganisms, mold & mildew. FCC-7 relies on a sodium hydroxide system which provides higher alkalinity and a lower usage cost than comparable potassium hydroxide products. FCC-7 is safe for use on hard surfaces capable of withstanding high caustic cleaning.

• **High-Caustic Chlorinated Detergent with Low Usage Cost**

• **Self-Foaming Detergent with Free-Rinsing Agent**

Usage Directions: Dilute FCC-7 in accordance with Dilution Guidelines chart. For even better performance, heat solution to approximately 140°F. Remove large soils and rinse surfaces with cold water. Apply FCC-7 solution directly to surface with foam apparatus, brush or scouring pad. Allow sufficient time (10 minutes) for FCC-7 solution to penetrate and dislodge all soils. Do not allow FCC-7 solution to dry. Scrub with brush or scouring pad and rinse from top to bottom. Sanitize with appropriate sanitizer.

Safety & Hazards

Wear Protective Eye Glasses, Chemical-Resistant Gloves and Waterproof Apron While Using FCC-7

Consult SDS for Further Safety Precautions

DOT Shipping Name: UN 3266, Corrosive Liquid, Basic, Inorganic, N.O.S., (Sodium Hydroxide, Sodium Hypochlorite), 8, PG II

Technical Information:

Appearance: Clear Yellowish Liquid
Odor: Chlorine Bleach
pH: >12
Foam: High Foam

Associated Products:

MG 4-Quat, 5th Generation Quaternary Sanitizer & Disinfectant
MG ChlorSan, 12.5% Sodium Hypochlorite Sanitizer
Special Acid Cleaner, Heavy-Duty Acid Detergent and Descaler

FCC-7 Dilution Guidelines

Usage	Dilution
Light Soils	2 Oz / Gallon
Moderate Soils	5 Oz / Gallon
Heavy Soils	8 Oz / Gallon

Titration Kit:

MRTK5000-Z, Chlorinated Alkaline Titration
1 Drop = 0.28 oz. per gallon

Products Manufactured By:
