

# Flash Floor Cleaner

## Powdered Floor Cleaning Detergent

Flash Floor Cleaner is a concentrated alkaline cleaner that removes grease, proteinaceous food soils and other difficult soils from hard surfaces. Made up of a unique blend of alkalis and surfactants, Flash Floor Cleaner is designed to penetrate and lift soils faster and safer from hard surfaces. It can also be used as a concrete cleaner to remove tough oil and grease stains from concrete floors or walls. It cleans as well as deodorizes the area, leaving behind a fresh, pine odor.

Flash Floor Cleaner is a blend of phosphates, silicates, caustic, pine oil and surfactants. Flash Floor Cleaner is for use on moderate to heavy soil conditions on plaster, dry wall, concrete, tile wood block and brick walls and floors. It is ideal for use in cleaning under and around plant machinery and other stationary equipment in facilities.

- Removes grease, proteinaceous food soils and other difficult soils
- Deodorizes the area leaving behind fresh pine odor
- Designed to penetrate and lift soils faster and safer from hard surfaces
- A unique blend of alkalis and surfactants

**Usage Directions:** Flash Floor Cleaner is normally used at a concentration of 4-6 ounces per gallon of warm water. After application by mop or spray, scrub with a short bristle brush followed by a fresh water rinse from water hose. On extremely dirty surfaces, let the cleaning solution stand for 10 minutes for better penetration before rinsing. A method to address heavy pockets of soil would be to first wet the surface, sprinkle the area with Flash Floor Cleaner, brush area vigorously and allow to penetrate the soil. It may require a second application. Finish with a fresh water rinse.

### Safety & Hazards

Wear Protective Eye & Face Protection and Chemical-Resistant Gloves While Using Flash Floor Cleaner

#### Consult SDS for Further Safety Precautions

**DOT Shipping Name:** UN 3262, Corrosive Solid, Basic, Inorganic, N.O.S., (Sodium Hydroxide, Sodium Metasilicate), 8, PG II

### Technical Information:

Appearance: Yellowish-orange. Free flowing granules  
Odor: Fresh pine  
pH: 12 - 14  
Foam: Low Foam

### Flash Floor Cleaner

#### Dilution Guidelines

Usage	Dilution
Normal Use	4-6 Ounces Per Gallon of Warm Water
