

Grill Bright

Heavy Duty Gelled Oven Cleaner

Grill Bright is a heavy duty, clinging, industrial stove and oven cleaner that quickly removes burnt-on carbon, grease, and baked-on foods from ovens, grills, hoods, griddles, racks, burners, rotisseries, and drip pans. It is economical and easy to use, with no scrubbing or scraping required. Its thickened formula clings to surfaces to prevent waste and prolong the cleaning action. Grill Bright will rinse freely, and it is non-flammable. It may be used on pots and pans, ceramic ware, glass, porcelain, iron, stainless steel, and chrome. Grill Bright is a thick, off-white opaque liquid having a mild, non-objectionable odor. It is designed for use on all industrial and institutional ovens, grills, and stoves, as well as in hotels, motels, condominiums, apartments, fast food chains, restaurants, and bakeries.

- **Thick, Clinging Formula**
- **Rinses Easily**
- **Cuts Through the Heaviest Carbon, Grease & Oil**
- **Non-Fuming**
