

Hand Sanitizer Solution 101

No-Rinse E3 Hand Sanitizer

Hand Sanitizer Solution #101 helps prevent the spread of hand borne disease. It is a rapidly acting disinfectant that is effective against a wide range of microorganisms including Staphylococcus, Streptococcus, Salmonella, E. Coli, etc. Hand Sanitizer Solution #101 kills harmful bacteria on clean hands but is gentle and safe enough to use as frequently as needed.

- Gentle on Hands
- Contains IPA for a Rapid Kill
- Anti-Bacterial
- Quick Drying
- Contains Benzalkonium Chloride for Extended Protection
- USDA & Kosher Approved

Usage Directions: Wash hands with appropriate hand soap making sure to scrub all areas of hands including under fingernails. Dry hands with a clean towel. Spray Hand Sanitizer Solution #101 directly on to all areas of hands. Rub hands briskly until dry. Do not rinse hands. Reapply Hand Sanitizer #101 as needed to maintain sanitized hands.
