

# Laundry Detergent W/Oxy Bleach

## Powdered Laundry Detergent with Color-Safe Bleach

A premium powdered laundry detergent with color-safe bleach; formulated for use in industrial and institutional applications for washing clothes, uniforms, towels, rags, and other heavily soiled fabrics. Laundry Detergent w/Oxy Bleach provides maximum cleaning performance over a broad temperature range and is ideal for use in hotels, packing plants, restaurants and retirement centers. Laundry Detergent W/Oxy Bleach is safe for use on colors and contains wetting agents, phosphates, color-safe bleach and conditioners to maintain a fresh and sharp appearance.

- **Included Color-Safe Bleach Destains Fabrics**
- **Effective in Cold or Hot Water**
- **Controlled Foam**
- **Easy Rinsing**

**Usage Directions:** Sort laundry into similar colors, types of fabric and soil condition. When laundering items for the first time, test in a solution of laundry detergent and cold water to test for colorfastness. Add 2 - 8 ounces of Laundry Detergent W/Oxy Bleach per 100-pound load as the washing machine is filling with water. Clothing and machine manufacturer's instructions should always take precedence over these recommendations. If desired, fabric softener may be added to the final rinse. Quantity of Laundry Detergent W/Oxy Bleach used will vary depending on local water conditions, water temperature selected and the amount and type of soils to be removed. Cold water rinsing is recommended for all wash loads.

### Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using Laundry Detergent W/Oxy Bleach

**Consult SDS for Further Safety Precautions**

**DOT Shipping Name:** Not Regulated.

### Laundry Detergent W/Oxy Bleach
