

Liquid Dish Green

Concentrated Manual Pot & Pan Detergent

Liquid Dish Green is a concentrated liquid dish detergent that will provide exceptional cleaning results on greases and baked on cooking soils without removing the natural oils in your skin.

Liquid Dish Green contains a unique blend of biodegradable non-ionic surfactants, pH-controlled agents, skin softening agents and dispensing agents.

Usage Directions: Directions for Use: USDA INSTRUCTIONS: Compounds for use as general cleaning agents on all surfaces, or for use with steam or mechanical cleaning devices in all departments. Before using these compounds, food products and packaging materials must be removed from the room or carefully protected. After using these compounds, surfaces must be thoroughly rinsed with potable water.

General Instructions: Liquid Dish Green is a ready to use dish soap with controlled sudsing to prevent the redeposition of food soils on cooking and serving ware. Use will be determined by both the number of articles to be washed and soil conditions., Water temperatures should be as hot as possible to improve cleaning efficiency.
