

MG 124-FC

Concentrated Cleaner for Subfreezing Temperatures

MG 124-FC is a concentrated floor and freezer cleaner designed to work in cold boxes, storage, blast & spiral freezers and frozen product warehouses. This product is a blend of glycols and alcohols and will not freeze or solidify in subfreezing temperatures. MG 124-FC is effective on tire & wheel marks, fruit juice, ice cream, meat and other soils typically found in food product warehouses. MG 124-FC can be applied with a mop or in an automatic scrubber.

- **Non-Freezing Formulation**
- **No-Rinse Required**
- **Cuts Through Heavy Soils**
- **Quick Drying Formulation**

Usage Directions: Dilute MG 124-FC in accordance with Dilution Guidelines chart. Apply solution to floors and walls with a mop, brush, or automatic scrubber. Allow sufficient time for solution to loosen built-up soils. A potable water rinse is not needed if residual liquid is removed with clean towels or a wet/dry vacuum.

Safety & Hazards

Wear Protective Eye Glasses, Chemical-Resistant Gloves, Vapor Respirator and Waterproof Apron While Using MG 124-FC

Consult SDS for Further Safety Precautions

DOT Shipping Name: UN 1993, Flammable Liquid, N.O.S., (Isopropyl Alcohol, 1-Methoxy-2-Propanol), 3, PG II

Technical Information:

Appearance: Yellow Transparent
Odor: Alcohol
pH: 9.2
Foam: Non-Foaming

Associated Products:

ConQuat, Pelletized Quaternary Floor Treatment

MG 124-FC
