

Neutra-Clean

All Metal Parts Washer

Neutra-Clean is a liquid cleaner with excellent soil emulsification properties. Low foaming formulations with detergent mixture and corrosion inhibitor present will protect the surface, and is effective and safe for use on stainless steel, aluminum, titanium and other materials. Descalers and rinsing agents present will control hard water scale.

Product can be used in a spray application or as an immersion cleaner.

- **Excellent Soil Emulsification**
- **Low Foaming**
- **Safe For Use On All Metals**

Usage Directions: Dilute 2 - 4 ounces per gallon of product with water at temperatures of 120°F - 160°F. Apply to surface using a brush or spray wash system. Parts can be immersed in diluted Neutra-Clean. Allow sufficient time for product to penetrate soils. Rinse with fresh water.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using Neutra-Clean

Consult SDS for Further Safety Precautions

DOT Shipping Name: Not Regulated.
