

PDQ-LF

Low-Foaming Heavy Duty Cleaner/Degreaser

PDQ-LF effectively removes grease, oil and dirt from all hard surfaces and excels in situations requiring low-to-no foaming detergents. PDQ-LF is a blend of high-powered low-foaming surfactants, water-soluble solvents and water conditioners specifically designed for the removal of heavy grease, oil and other soils at a variety of temperatures in a wide range of industrial applications including automotive and food processing.

- **Low Foaming**
- **Perfect for Floor Scrubbers, Steam Cleaners, Conveyor Cleaners & Jet Washers**
- **Cuts Heavy Grease & Oil**

Usage Directions: Dilute PDQ-LF in accordance with Dilution Guidelines chart and apply directly to soil with sprayer, brush, sponge, or towel. PDQ-LF works best when heated to 140°F. Allow solution to penetrate and scrub until you begin to see the soil soften and become rinseable. Rinse the surface with a sponge and water.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using PDQ-LF

Consult SDS for Further Safety Precautions

DOT Shipping Name: Not Regulated

Technical Information:

Appearance: Blue Liquid
Odor: Butyl
pH: >12.0
Foam: Low Foam

Associated Products:

FCC-3 Ultra
MSR, Low Foaming Acid Detergent & Descaler
MG 4-Quat, 5th Generation Quaternary Sanitizer & Disinfectant

PDQ-LF

Dilution Guidelines

Usage	Dilution
Normal Usage / Light Soil	1 - 2 oz : 1 Gallon
Moderate Soils	4 - 6 oz : 1 Gallon
Heavy Soils	8 - 10 oz : 1 Gallon

Titration Kit:

MRTK5000-Z, Alkalinity Titration. 1 Drop - 0.5 oz per gallon

Warning: Do Not Mix With Acidic Products.
