

Power Wash

Premium Heavy Duty Vehicle & Equipment Detergent

Power Wash is a high-performance detergent that quickly and easily removes difficult soils found on heavy-duty vehicles including bugs, grease, oils and road film. Power Wash breaks up these soils on contact with little-to-no scrubbing required for most vehicles. Power Wash is effective in hard water and is safe for use on all painted surfaces, polished aluminum and glass. Can be used to clean trucks & trailers, buses, trash trucks, vans, trains, cargo containers, concrete and almost any other greasy, grimey surface.

- **Eco-Friendly**
- **Will Not Fade or Remove Decals**
- **Easy Rinsing**
- **Removes Bugs, Oil & Road Film**
- **High Foaming Detergent**
- **Safe for Exterior Automotive Surfaces**

Usage Directions: Dilute Power Wash in a separate container in accordance with Dilution Guidelines chart. For even better results, heat solution to 140°F. Rinse surface to be cleaned to remove any loose soils. Apply Power Wash solution to entire surface with foam apparatus, sprayer, sponge, or brush. For best results start at the bottom of the vehicle and work up to the top. Allow solution to penetrate caked on soils. Some scrubbing may be necessary to remove all soils. Rinse surface from top to bottom with fresh water. Dry. Apply Ultra Shine Tire Dressing to applicable surfaces to enhance vehicle appearance.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using Power Wash

Consult SDS for Further Safety Precautions

DOT Shipping Name: Not Regulated

Power Wash Dilution Guidelines

Usage	Dilution
Normal Usage	½ Pound : 5 Gallons
Heavy Soils and Road Film	1 Pound : 5 Gallons
Extremely Heavy Soils & Greases	2 Pounds : 5 Gallons
