

Ultra Shine

Premium Tire Dressing & Protectant

Ultra Shine is a premium conditioner and protectant for rubber, leather and vinyl surfaces. Enriched with emulsified silicone, Ultra Shine provides a super slick, long-lasting, water repelling barrier. Ultra Shine improves the appearance of tires, trim, dashboards and other similar surfaces.

- **Eco-Friendly**
- **Spray-able Gel**
- **Easy Application**
- **Leaves a High Gloss Appearance**
- **Long Lasting Shine**

Usage Directions: Dilute Ultra Shine in a separate container accordance with Dilution Guidelines chart. Rinse surface to be cleaned to remove any loose soils. Spread Ultra Shine evenly over applicable surface with sprayer or sponge. Allow time for solution to dry. Remove excess with a clean towel. Avoid applying to tire treads, brakes, floors and other surfaces that could be hazardous with a slippery coating.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using Ultra Shine

Consult SDS for Further Safety Precautions
